6. Please explain your rating above regarding academic integrity of AI use for this submission. Why? (Write in 2-3 sentences) *

The project report should not be written entirely by AI, but the usage of AI in research is appropriate in my opinion. This is because of the complexity in project planning and the selection of APIs, and AI can provide informed suggestions and choices

7. How did using AI content generators impact **your learning** for this submission? *

8. Please explain your rating above about AI's impact on your learning for this submission. (Write in 2-3 sentences, input N/A if you have not used any) *

As mentioned above, AI provided me with important information and details on the different APIs I proposed. For example, ChatGPT recommended the CodeSandbox API for the in-browser development environment for our project.

10. List all the **AI tools** AND the **specific prompts** you used for this submission (input N/A if you have not used any) *

ChatGPT. Prompts such as "What APIs could achieve this functionality?" and "Can this API do that task?"

11. How confident were you in AI's responses that you received? *

- ☐ Confident
- ☒ Somewhat confident
- ☐ Neutral
- ☐ Somewhat not confident
- ☐ Not confident
- ☐ I did not use AI for this submission

12. How did you ensure the answer you received from the AI tool was correct? (input N/A if you have not used any) *

I visited the websites and documentations of different APIs to ensure that the information I received is up-to-date and reliable.

13. Did you at any point abandon using AI tools and seek other resources? Explain your answer. *

What made you abandon using the AI tool? Were you more successful using other resources? Input N/A if you have not used any

Not really, but I used AI alongside Google search. Since ChatGPT's knowledge is up to January 2022, its information about different APIs could be out of date, and therefore I use Google to fact-check the information.

14. For each of the following items, how would you rate the relative contribution made by you versus AI? *

	Entirely by myself, no contribution from AI	Mostly by myself, some contribution by AI	Evenly split between myself and AI	Mostly by AI, some contribution by myself	Entirely by AI, no contribution from myself	Not applicable
